SOFT SKILLS

Critical Thinking

I consider myself a critical thinker mainly because I ask questions in the working process that nobody else does.

Go-Getter

I never give up on a goal: it might take a year or two, lots of hard work, and sleepless nights, and I will still pursue it.

Self-Disciplined

I was a spoilt child and hardly resisted any indulgence. However, as a grown-up individual, I managed to develop self-discipline that brings me joy and success at the same time.
